COMMISSION DISMISSES PATROLMAN

Decision Rendered Tuesday Morning Affirming Finding of Safety Director

BURKE WILL APPEAL CASE

Patrolman Makes a Statement and He Will File Charges Against His Accusers—Phillips Talks.

Sustaining Safety Director Collier in his finding against Patrolman Charles O. Burke and confirming the director's judgment of dismissal, the civil service commission in a decision on the case, handed down Wednesday morning relieves Burke from further duty as a patrolman.

Announcement was made a few moments later by Burke's attorneys that the decision of the commission would be carried into a court of law on an appeal.

According to a statement of I. M. Phillips, president of the commission, the members considered the charges as having been originally brought before them, disregarding the fact that the case had originally been heard before Director Collier.

Mr. Phillips stated that only one charge was considered in the commission's finding because it was the only one prosecuted by the city. "This was the alleged failure of Burke to carry out an order which Captain Swank says he gave him on the afternoon of May 6."

The first and third charges, speaking disrespectfully of a superior and drinking while on duty, were dismissed by the commission, according to Mr. Phillips because no evidence was offered to substantiate either of them. Mr. Phillips stated that it was within the power of the commission to call witnesses in support of both of these charges if it so desired.

The finding of the commission was signed by each of its members, Messrs. Phillips, Norris and Symmons. Its full text is as follows:

"In the matter of the charges against C. O. Burke, patrolman of the City of Newark, Ohio:

"This case comes before this Board of Civil Service Commissioners on appeal of C. O. Burke, a patrolman of said city, from the judgment of the Director of Public Safety of said city upon three charges.

After hearing the evidence for and against said charges and the argument of the counsel, this board finds that the evidence adduced fails to sustain the first and third of said charges, and the evidence adduced sustains the second of said charges, and this board finds that number two of said charges has been sustained by the evidence, and the judgment of the commission is affirmed.

State Appraisers Name Appointees—Turn Down Central Committeemen

(Associated Press Telegram)

Columbus, June 4.—Political conditions in the city of Toledo were aired and the merits and office qualifications of Sam Cohn, and former State Senator Sylvester Lamb, rival candidates for the appointment as member of the Toledo board of reviews, were discussed at a meeting today of the state board of appraisers and assessors. Members of the boards of reviews in six cities were named but the meeting was adjourned before the Toledo case was decided.

To take the place of Edward Hagenbach of Urbana, who was appointed recently by the board but who returned his commission, the board appointed C. J. Wilson, a Republican.

Other members of the boards of reviews appointed today are as follows: Clement G. Burns, Republican, Alliance; Henry Kohmeyer, a Progressive, Lorain; M. A. Wick, Republican, Niles; J. R. George, Republican, Piqua, and C. F. Brenner, Democrat, Youngstown.

The board seemed to be hopelessly divided on the Toledo case. Ten bal-

lots taken showed that Secretary of State Graves and Attorney General Hogan voted for the appointment of Cohn and that State Senator Brennan and State Auditor Donahay voted for Lamb.

The session was marked by several sharp clashes between the state officials who earnestly pressed the cases of their respective candidates. Parks Hone, a Toledo attorney, was present and spoke for the appointment of Lamb. He charged Cohn with being the first lieutenant of Walter F. Brown, Ohio Progressive leader, and not a true Democrat.

Before the members of the board convened today, an answer approved by the board was forwarded to the Marion county central committee, which had protested against the appointment of Edward Molloy as a member of the board of review of Marion. By naming Molloy the state board ignored the endorsement by the committee of D. W. Murphy. The reply stated that the board members were of the opinion that they had made no mistake in the appointment and that it would stand.

VICTIM OF ATTEMPTED BLACKMAIL

Is Defense of Frederick E. Atteaux in Dynamite Conspiracy Trial

DEFENDANT ON STAND

Case Outlined by Attorney for Atteaux, Claiming That Prosecuting Witness Sought to Obtain Money from Client.

(Associated Press Telegram)

Boston, June 4.—The defense for Frederick E. Atteaux in the dynamite conspiracy trial, alleges that the dye manufacturer was the victim of an attempted blackmail by John J. Breen, who has confessed to "planting" dynamite at Lawrence to throw suspicion of contemplated violence on the textile strikers.

Atteaux took the stand in his own defense today.

Attorney D. H. Coakley had eight or ten other witnesses to be called for the defense. Events moved swiftly yesterday to bring the trial to this stage, and in so moving left William M. Wood, president of the American Woolen company, who is also on trial as a conspirator, without further opportunity to present a defense under the laws of this state. After the prosecution had rested, Attorney Henry F. Hurlbert moved to have the case against his client

dismissed and so rested his case. When Judge John C. Crosby then ruled adversely, it left only the Atteaux defense to be heard.

Evidence will be presented, the attorney said, to show that Breen and "the partly unbalanced Pitman" who subsequently committed suicide, planned the "planting" and after the scheme flattened out, Breen hounded him continually, urging him to get the money from President Wood and when Pitman refused to go to Wood, Breen tried to force him to go to Atteaux.

Atteaux testified he was sixty years old and for forty years had been an importer and manufacturer of dye stuffs. For fifteen years he had sold dyes to the American Woolen company and he had known President Wood for twenty-eight years. At Wood's request in 1912, when the Woolen company's mills were affected by a strike, he visited many of the plants and attended several meetings of the local union where he explained the company's side of the situation. He told the union that he represented the American Woolen company in a measure, and he also represented himself because if the mills closed down his own business would suffer. At the request of the union men he arranged a conference between a union committee and Wood.

In outlining his case Daniel H. Coakley, counsel for Atteaux, said it would be shown that on the night of January 16, 1912, Atteaux was called on the telephone at his residence by Ake Korbey, a Syrian of Lawrence, who had been asked by the defendant to study and report on strike conditions in his city. Korbey said that a man named Breen, who had done splendid work in advising the strikers to refrain from violence, was in his place and would like to talk with Atteaux. Breen and Atteaux then exchanged pleasantries.

The next day Breen came to Boston, met Atteaux for the first time and asked him to have the American Woolen company office telephone to the mayor of Lawrence advising that dynamite stored in the city yard be removed to a place of safety. Atteaux did so and the next day Breen again called on the defendant.

The following day Breen came to Atteaux's office and at Breen's request, Atteaux summoned the late Ernest W. Pitman, who, according to witnesses for the state, furnished dynamite from the Woolen company offices. After Pitman arrived, Atteaux retired, leaving Breen and Pitman together. Atteaux never saw Breen again until some time in March when they met by accident at the corner of Washington and Franklin streets, the spot at which Breen has testified Atteaux paid him for "planting" the explosive.

The attorney said it would be shown that after the civil suits had been instituted against Breen by the persons who were arrested when the "planted" dynamite was found on their premises, Breen sought to get \$13,000 from Atteaux. When he was refused he resorted to blackmail.

NEW MANSION DESTROYED BY ARSON SQUAD

(Associated Press Telegram)

London, June 4.—A fire which destroyed a newly constructed but unoccupied mansion at Westwood near Trowbridge, Wiltshire.

The women left behind them a placard bearing the words, "For damages apply to Runciman." The Right Honorable Walter Runciman, commissioner of woods, forests and land revenues, addressed a meeting at Trowbridge last night in the course of which a number of suffragette interrupters were ejected.

Where some people are concerned, rubbing it in will put you on the outs with them.

SUBPOENAS ISSUED FOR SUGAR MEN

Senate to Examine Sixty Witnesses Identified With Sugar Interests

SERGEANTS KEPT BUSY

Hustling Around City With Summons—Committee Concludes the Examination of the Senators Today.

(Associated Press Telegram)

Washington, June 4.—The dragnet was spread today in the senate's probe for the "lobby," subpoenas for a score of men were issued. It is generally understood that some of the names were furnished by President Wilson and that others are those that developed in testimony of senators. The new witnesses are to be heard next week.

The list indicates that apparent purpose of the committee to question representatives of both the free sugar and anti-free sugar camps, who have been conducting a vigorous campaign in Washington.

The investigating committee had progressed little more than half through the list of senators today, and there were indications that Senator Overman would ask the senate tomorrow for an extension of ten days allowed for the probe.

(Associated Press Telegram)

Washington, June 4.—The lobby hunt took on a new and sensational turn today when the senate began issuing subpoenas for nearly sixty men, all of whom are said to be identified with the sugar interests. A flock of sergeants-at-arms started today to summon the witnesses for next week by which time the investigators will have finished taking testimony of senators and plunge into an examination of the so-called "lobbyist."

It is generally assumed here that President Wilson furnished the names of those about to be subpoenaed. Frank C. Lowry, known in legislative circles here as the "free sugar man" and secretary of the so-called wholesale grocers committee; Henry G. Oxnard, one of the beet sugar men and Truman G. Palmer, are among those for whom subpoenas have been issued.

This new turn of affairs many believe, is "one of the suggestions" President Wilson made at his recent conference with Chairman Overman and Senator Reed of the investigating committee and many of the president's friends predict it will be Mr. Wilson's answer to the testimony of many senators that they have seen no lobbyists in Washington and know of no attempts to influence congressmen against the Underwood bill.

While the subpoenas are being served and the committee is preparing for the examination of the new witnesses, senators will continue to be examined. When the committee reassembled today it had nearly half of the senate still waiting.

Senator Lane, first witness today, (Continued on page 8, col. 3)

DEADLY AIM OF CHICAGO WOMAN

Shoots Husband When He Attempts To Forcibly Enter Her Apartments.

(Associated Press Telegram)

Chicago, June 4.—John B. Van Keuren, 52 years old was shot and instantly killed by his wife Louise Van Keuren from whom he had been separated when he attempted to force an entrance at her home at 817 East Sixty-first street.

Mrs. Van Keuren told the police she believed a burglar was about to break into her home.

Harry E. Van Keuren, brother of the slain man called at the police station. In a hysterical manner, he demanded that the police arrest a man who he said was in the apartment when the shooting occurred and who he declared fired the fatal shot.

The police sent for George Penrose a jeweler, in connection with Van Keuren's story.

Penrose told the police that he had been in Mrs. Van Keuren's apartment up to midnight but that there had been no trouble up to that hour. Mrs. Van Keuren was locked up after making a brief statement.

Witness Tells Insurance Probers That Reduction of Rates Will be Made

(Associated Press Telegram)

Columbus, O., June 4.—State Fire Marshal John W. Zuber created some surprise today when he went on the witness stand in the executive fire insurance probe and advised that the valued policy act, or the Howland law, be repealed. The fire insurance companies tried for years to have this act repealed and have only recently given up the attempt. It is looked upon by the purchasers of the fire insurance as their chief defense from endless litigation in case of total loss on buildings by insurance companies would reduce their liability, the substance of the law is that when insurance companies write a risk on a building and it is wholly destroyed, they must in the absence of established fraud in securing the insurance, pay the face value of the policy. In other words after the building is burned down they cannot compel the owner to go into an assessment of it.

(Associated Press Telegram)

Columbus, O., June 4.—T. B. Sellers, manager of the Ohio Inspection bureau, who was recalled to the stand when the legislative committee, appointed to investigate the fire insurance companies of the state, opened its second day's session here today, declared that fire insurance rates in Ohio, on an average, have been materially reduced since 1903 and that a further reduction might be anticipated when the figures for 1912 were compiled.

Asked if the fire insurance agents are particularly interested in the re-

duction of rates, the witness answered in the affirmative, adding that the agents were working for the welfare of their clients.

He admitted, however, that an increase in rates meant higher compensation for the agents.

Mr. Sellers emphatically denied that there existed any sort of an understanding between his bureau and the bureaus located in Cleveland and Cincinnati or between the bureaus and the insurance companies other than the contracts for the furnishing of the information, collected by the bureaus. Senator Bernstein inquired why the bureau located in Columbus did not evade the cities of Cincinnati and Cleveland. To this the witness replied that he did not care to incur the enmity of the heads of the bureaus in those cities.

It was the witness' opinion that the Cincinnati and Cleveland bureaus were not operated direct by the insurance companies. He described how the bureaus were organized and stated that he thought the same system of rating was used in all of them.

Mr. Sellers told the committee that the bureau was willing at any time to furnish the insurer with standards and specifications for building or remodeling purposes in order that he might be able to eliminate extra charge. He stated that the bureau was in direct touch with the insurers and that the public generally was aware of charge. He stated that the bureau was The cost of operating the Columbus bureau was approximately \$70,000 annually, he said.

FARMER BURIED IN HAY MOW FOR PAST TEN DAYS

(Associated Press Telegram)

Warren, O., June 4.—After being buried for ten days deep in a hay mow in the barn belonging to J. C. Dagerman, a farmer, three and a half miles west of this city, William Ferriman, a wealthy Medina county farmer who disappeared from here May 23, was found today.

Although nearly dead from hunger, Ferriman will recover, physicians say. He is in the hospital ward of the county jail now.

At the time of his disappearance, Ferriman was living here while taking treatment for a nervous disease. Once before he had disappeared and had been found in the hay mow of a farmer's barn. Consequently on his second disappearance, farmers throughout the county were warned to look for him. Dagerman was feeding his stock when he came upon him.

Mrs. Ferriman says her husband has a delusion that he is doomed to starve to death.

MATAMORAS IN THE HANDS OF GEN. BLANCO

(Associated Press Telegram)

San Antonio, Texas, June 4.—It is reported here that Matamoras, Mexico, surrendered to General Blanco, commander of the constitutionalist forces at 6:30 o'clock this morning without further fighting.

(Associated Press Telegram)

Mexico City, June 4.—A force of 1,000 federal soldiers including a detachment of artillery is to leave Vera Cruz today on the gunboat Vera Cruz for Matamoras according to the war department. The authorities believe that they will be able to reoccupy the town.

(Associated Press Telegram)

Washington, June 4.—Army officers and diplomats foresee in the capture of Matamoras, advantage for Carranza constitutionalists fighting to overthrow the Huerta government. Agents of Carranza in this country have been accumulating thousands of dollars worth of munitions of war, awaiting the capture of a port of entry. The neutrality laws of the United States have practically cut off all supplies from the constitutionalists. With Matamoras in their possession the rebels will have a getaway.

At the state department today there was no evidence that the prospects of overthrowing the Huerta government had changed.

QUALIFIES FOR MEMBERSHIP ON ARSON SQUAD

(Associated Press Telegram)

Cambridge, O., June 1.—Following a fire discovered in a clothes press on the second floor of the Guernsey County Children's Home today, Rosa Davis, aged 12, an inmate, is said to have confessed that she started the blaze. The fire was extinguished before much damage had been done.

Three months ago a similar fire was discovered in a clothes press on the first floor of the building.

WOULD TAX OUTPUT OF FACTORIES

Atty. Gen. M'Reynolds Has Plan to Cure Alleged Evils of Tobacco Trust

AN EMERGENCY MEASURE

Devised to Meet Pleas of Independent Tobacco Manufacturers Who Claim Dissolution of Trust Has Not Helped Them.

(Associated Press Telegram)

Washington, June 4.—Attorney General McReynolds today declared that he had always regarded the final decree intended to dissolve the tobacco trust as an "obvious subterfuge and a miscarriage of justice" and if there were any proper and just way by which he could cure the evil he would do it. As an immediate step he is considering proposing to congress a graduated excise tax on tobacco manufacturers.

(Associated Press Telegram)

Washington, June 4.—Attorney General McReynolds has a plan to cure some of the alleged evils of the "tobacco trust" which he believes the supreme court's dissolution did not reach. It is to tax the output of tobacco factories on a sliding scale in such a way that the big manufacturers will pay more and more as their output increases. It is said the attorney general has talked his plan over with President Wilson and the cabinet and shortly will submit it to Chairman Simmons of the finance committee.

While such a plan of taxation could not be called a tariff for revenue only measure, Mr. McReynolds contends that it is an emergency measure devised to meet the pleas of independent tobacco manufacturers that the dissolution of the so-called trust has not relieved them of a situation which they say, threatens to place them in as much danger as they were from the "trust" before it was dissolved.

Mr. McReynolds never has agreed with the dissolution of the so-called monopoly and is said to feel that many of the evils charged against it still are continuing under other forms.

In addition to correcting alleged inequalities by such a method of international revenue taxation the attorney general is still considering the advisability of beginning an investigation to determine whether the decree dissolving the tobacco trust is being violated.

Most of the attorneys of the department of justice agree that the government could not re-open the dissolution case and future moves must be supplementary.

It is pointed out that the United States court in entering the decree of dissolution declined to grant former Attorney General Wickersham's request that the government be permitted to re-open the decree at any time within the next five years in case it developed that the plan of dissolution had not accomplished the purpose of the Sherman law.

Mr. McReynolds today resumed consideration of the Standard Oil situation, conferring with Charles B. Morrison, and Oliver E. Pagan, his special assistants, who have devoted months to an investigation of oil conditions. With their report before him, it will (Continued on page 8, col. 3.)

Sen. A. B. Cummins, Who Forced the Lobby Investigation

Washington, June 3.—Senator A. B. Cummins of Iowa stole a march on the Democratic leadership of the upper chamber when he offered a resolution, following President Wilson's attack on the tariff lobby for an investigation, following President Wilson's attack on the tariff lobby for an investigation of it. But Senator John W. Kern of Indiana, the Democratic leader, awoke in time to the fact that such an investigation, naturally growing from the President's public statement, ought to come from the men of his party. Accordingly, Senator Cummins's resolution was changed considerably, and in that form it passed. Most of the Republicans voted for the Cummins resolution, while the Democrats voted for Senator Kern's.

San Antonio, Texas, June 4.—It is reported here that Matamoras, Mexico, surrendered to General Blanco, commander of the constitutionalist forces at 6:30 o'clock this morning without further fighting.

(Associated Press Telegram)

Mexico City, June 4.—A force of 1,000 federal soldiers including a detachment of artillery is to leave Vera Cruz today on the gunboat Vera Cruz for Matamoras according to the war department. The authorities believe that they will be able to reoccupy the town.

(Associated Press Telegram)

Washington, June 4.—Army officers and diplomats foresee in the capture of Matamoras, advantage for Carranza constitutionalists fighting to overthrow the Huerta government. Agents of Carranza in this country have been accumulating thousands of dollars worth of munitions of war, awaiting the capture of a port of entry. The neutrality laws of the United States have practically cut off all supplies from the constitutionalists. With Matamoras in their possession the rebels will have a getaway.

At the state department today there was no evidence that the prospects of overthrowing the Huerta government had changed.

(Associated Press Telegram)

Washington, June 4.—Robert J. Rubin, convicted recently as head of the "arson trust," was sentenced by Justice today to serve six to ten years in Sing Sing prison.

Husband Left for Work; Returns Two Hours Later And Finds Wife Dead

(Special to the Advocate)

Hebron, O., June 4.—After complaining that she was suffering greatly from a headache, and saying that she was going to lie down, Mrs. John Lorentz was found dead two hours later by her husband. She was lying face forward on the bed and her face was set and discolored.

Mrs. Lorentz has been suffering with the headache during the day Tuesday, and about 2 o'clock requested her husband to take the two children into the field with him, that she was going to lie down. He and the children left for the field and she locked the doors of the house. About 4:30 the trio returned and could not arouse Mrs. Lorentz to open the door for them. Mr. Lorentz climbed in a window and was startled to see his

wife lying face forward on the bed as if she had become suddenly ill and fallen. He went to her and found she was dead, the face being greatly discolored. Dr. C. M. Brown was called and said that the woman had probably been dead about two hours. He gave as the probable cause of death, a sudden attack of heart trouble. It is not known that she took any kind of headache medicine which might have brought about the attack.

The family lives about a mile east of Hebron. Mrs. Lorentz was 37 years old and besides the husband leaves two children, Wesley age 9, and Bertha, age 5.

The funeral services will be held at the M. E. church here on Thursday afternoon at 2 o'clock. Rev. J. F. Kanuth officiating. Interment will be made in Licking cemetery.

Optimist and Pessimist?

(By Chalmers L. Pancoast.)

All may be divided into two classes—optimists and pessimists. The pessimist is an optimist on pessimism—no man to him appears true blue.

The optimist is an optimist on optimism. He is the man who sees the bright side of everything, who is ready to help along any worthy fellow or project.

The Board of Trade needs optimists—men with big ideas—men who do things—men of constructive thought and courage to act.

WILSON RECEIVES
B. OF L. F. & E. MEN

(ASSOCIATED PRESS TELEGRAM)
Washington, June 4.—Only a short session of the convention of the Brotherhood of Locomotive Firemen and Enginemen was on the program for today because of the scheduled reception of the delegates at the White House by President Wilson. The meeting was mainly for the purpose of securing additional proposals for the amendment of the constitution which virtually is to be revised.

President Wilson planned to receive the delegates in mid-afternoon. Tonight they will attend a ball to be given under the auspices of a local lodge.

University of
New York Confers
Number of Degrees

(ASSOCIATED PRESS TELEGRAM)
New York, June 4.—New York university at its annual commencement today conferred the honorary degree of directors of laws upon District Attorney Charles Whitman of New York; Carlos Maria Pena, extraordinary and minister plenipotentiary of Uruguay to the United States; St. Clair McKelway, chancellor of University of the State of New York; Calvin N. Kendall, editor of Education of New Jersey; Arthur V. Briesen, president of the Legal Aid society.

The degree of Doctor of Divinity was conferred upon August Karlischauer, professor of philosophy in Meiji Gakuin, Tokyo, Japan, and Wilbur Webster White, president of the Bible Teachers' Training school. The graduates numbered 315.

TO HAVE MUNICIPAL DANCES.

(ASSOCIATED PRESS TELEGRAM)
Canton, O., June 4.—Following Cleveland's example, Canton is to have municipal dances. The first dance will be given next week in the city auditorium, pending construction of pavilions in the parks.

A Polished 14-K Gold Plated
"Daffydil" Scarf Pin

FREE

(FOR A FEW DAYS ONLY)

To Every Purchaser of 10c worth of LUCKY STRIKE

"Daffydil" Scarf Pins are the latest novelties. Ladies and gentlemen everywhere are wearing them. These Scarf Pins are reproductions of "Tad's" famous "Daffydil" figures and are polished gold plated, with solid German silver stems, also gold plated.

Wherever these jolly little "Daffydil" Pins have been introduced, they have gone like wildfire. You will be sure to want one of them, so go to

your dealer at once before his supply is exhausted.

We are offering you this souvenir because we want you to know, as thousands and thousands of men already know, that famous old Lucky Strike Tobacco is precisely what you want for your pipe or cigarette. We know that if we can get you to try Lucky Strike for a few days, you will become a permanent friend of the original and greatest of Burley smoking tobaccos.

LUCKY STRIKE
Roll Cut Tobacco

The Burley tobacco from which LUCKY STRIKE is manufactured is not only the best, but is carefully selected from the best Burley leaf grown! The unsurpassed quality of LUCKY STRIKE tobacco has been known to millions of smokers for generations! LUCKY STRIKE is the original Burley brand—the brand that made Burley tobacco famous.

LUCKY STRIKE introduced Kentucky Burley forty years ago, and made the wonderful fragrance, flavor and mildness of the Burley leaf known to smokers throughout the world!

In forty years the quality of LUCKY STRIKE has never varied and has never been duplicated. LUCKY STRIKE Roll Cut is today the choice of experienced smokers everywhere—men who know that they have found the best tobacco.

LUCKY STRIKE Roll Cut is sold in all the convenient sizes, from 5c and 10c Tins to 50c and \$1.00 Glass Humidor Jars. The new 5c Tin is the ideal vest-pocket package—no bulging or sagging—no tobacco spilled and wasted.

FREE

Leading dealers displaying Free Offer Sign in their windows, now have a small supply of these "Daffydil" Scarf Pins to give free. When the supply is exhausted you will be unable to get one of these souvenirs.

Better go now and try this splendid tobacco. A "Daffydil" Pin free to every purchaser of one 10-cent tin or two 5-cent tins of Lucky Strike.

SPECIAL NOTICE TO DEALERS----

We want every dealer in Newark to be supplied with these Daffydil Scarf Pins. All dealers who have not yet secured a supply of these Scarf Pins can do so by applying to A. A. Ruen, Warden Hotel, phone 1245, from 6 to 7 o'clock on Wednesday evening.

COMMISSION

(Continued from page 1.)
said director in dismissing said C. O. Burke as patrolman of said city is therefore affirmed.

(Signed) T. C. PHILLIPS, Pres.
E. CARY NORRIS,
W. C. SYMMONS.

Civil Service Commission of Newark, Ohio.
Newark, O., June 3d, 1911.
In speaking of the facts brought out at the hearing yesterday, Mr. Phillips said that it was very apparent that there was discussion in the police department which the commission regretted. He stated that the efficiency of the department suffered as a consequence.

When Mr. Burke made the statement that he would show on his appeal that his conduct as a police officer was so far above that of his superior as well as other officers, that it was common practice on the part of these superiors to invite untrained patrolmen, on duty, into saloons for a drink, he was assured that the commission would hear any such charges and give them fair and square consideration.

The decision was read from manuscript by President Phillips of the commission, in the presence of the accused patrolman, one of his counsel, J. R. Fitzgibbon, and an Advocate reporter. Messrs. Norris and Symmons, members of the commission, and the other attorneys were not present.

STATEMENT BY MR. C. O. BURKE

I feel that I am entitled to a statement regarding the charges brought against me and which the Civil Service Commission today sustained. Two of the charges were dismissed as there was no evidence to substantiate them. The third, that of failing to obey a superior officer, I consider one of the blindest ever brought against a patrolman, but the commission saw fit to find against me. However, their verdict is not final and I shall carry the case to the highest courts to prove that it was prejudice alone which brought about my dismissal from the force. The unrefuted evidence of ex-Police Chief Blizzard should alone have shown that malice and

THE ENGLISH DERBY IS WON BY ABOYEUR

Odds of 100 to 1 Wagered Against Him—Sufragette Demonstration on the Track.

(ASSOCIATED PRESS TELEGRAM)
Epsom, England, June 4.—A. P. Condit's Aboyeur, with the betting 100 to 1 against him, was awarded first place today in the Derby, the chief sporting event of the British turf.

It was announced as the winner after his jockey had lodged an objection for bumping against Craganour, the favorite, who ran first past the winning post.

Second and third places went to W. Rapheal's Louvois and W. Hall Walker's Great Sport, while the French horse, Nubius, was placed fourth.

Of the 345 original entries for the stakes of \$32,500, only fifteen participated in the race.

The time of Craganour for the mile and a half was two minutes three and seven fifth seconds. There was only a head between Craganour and Aboyeur, and a neck between Aboyeur and Louvois. There were no American owned horses in the races.

A sensational suffragette outrage which may involve the death of a woman occurred during the running of the derby here today. While King George's horse, Anmer, was rounding Tattenham corner the woman rushed on to the course and clutched the reins of the horse, which fell and trampled her. She is seriously injured.

Jones, the jockey who was riding Anmer, was unable to disengage himself from the stirrups and fell to the ground. He also was badly injured and had to be attended by a surgeon.

The woman lies unconscious in the local hospital. Her name is given as E. Davison, and she is thought to be Miss Emily Davison, a member of the women's social and political union, who since 1909, has been sentenced eight different times to imprisonment for participation in suffragette outrages. Emily Davison was the woman who assaulted a Baptist minister at Aberdeen station, mistaking him for David Lloyd George, chancellor of the exchequer. Whenever she has been imprisoned she has started a "hunger strike," and has generally been released. She has been found hidden in the same house of commons three times and ejected.

WILL SUBMIT NEW PROPOSITION TO THE GOVERNMENT

Condemnation Suit for Newark Post-office Site Passed by United States Court For Present.

Passing of the condemnation suit now pending in the United States court in Columbus, Tuesday, indicates nothing other than that concessions on the part of the Sherwood Improvement company in its proposition with reference to the post-office site offered the government, will be brought to attention of federal authorities, said C. W. Miller, speaking for the company, Wednesday.

The federal court convened in Columbus Monday and the condemnation suit instituted against the property at the corner of First and East Main streets, was passed on the court calendar.

Neither the exact consideration at first proposed to the government by the Sherwood Improvement company, nor the compromise figure, which the property likely will be offered, were made known here.

Mr. Miller said Wednesday there has not been a meeting of directors of the company to take definite action on the compromise proposition, but he said a meeting will be held soon for that purpose and that the proposition will be submitted to federal authorities within the next few days.

VACATION SCHOOLS IN 150 CITIES

Children in 150 or more American cities will continue going to school during the summer months this year, according to information received at the United States bureau of education.

Starting originally as a humanitarian movement to keep children off the city streets, the vacation schools have become an important part of the school system with a tremendous influence in the demand for the all-year school. The steady development from 56 cities in 1909 to 141 in 1912, indicates that vacation schools represent a genuine educational demand, and not a mere fad.

"WATERED" STOCK GOING UP IN THIS GOTHAM BUILDING

(ASSOCIATED PRESS TELEGRAM)
New York, June 4.—A daily ascent of 37 flights of stairs to carry water to tenants of a Broadway skyscraper is an incident of a dispute over an alleged monopoly granted to a certain spring water company for the supply of drinking water to the occupants of the big building. The company operating the building, it is alleged, gave the water concern the exclusive right to use the elevators. Other companies being barred, their agents have made the great climb daily in an attempt to break up the monopoly. The building company has been given until Monday to reply to the charges that a monopoly exists and that 100 percent of the gross sales of water in the building go to the building company.

STOCKS POURED OUT ON EXCHANGE THIS MORNING

Great Excitement Prevails in New York Market on Account of Government's Attitude on Trusts.

(ASSOCIATED PRESS TELEGRAM)
New York, June 4.—The excitement on the stock exchange during the first hours of today's market was probably without parallel since the panic of 1907. Stocks were literally poured out regardless of prices quoted with declines greatest in the standard shares.

One of the main factors making for the liquidation was the overnight news from Washington, indicating a radical attitude on the part of the administration in connection with the American Tobacco company and the Standard Oil company. Another influence was the decidedly lower level of prices quoted by London before our opening. All advices from abroad indicated increased prices, not only in London but at all the continental financial centers. Inquiry among local banks and trust companies failed to elicit any satisfactory explanation for the further slump in prices abroad except the note of extreme conservatism sounded in those quarters.

The steady decline of the past few weeks has caused a general calling of loans by financial institutions. A stiffening of rates for both call and time accommodations is expected before the end of the month.

Within the first hour sales of stocks amounted to 300,000 shares, and fifty new low records for the year were dealt in, with losses ranging from two to four points among the standard issues.

The average price was at the lowest point since the 1907 panic. Some of the new bond flotations such as Baltimore & Ohio convertibles, New York City News, 4 1/2's and St. Paul 4 1/2's also were depressed.

There were several feeble rallies in the second hour but the selling movement gathered greater a momentum before noon and lower prices were registered practically throughout the list. The aggregate of sales during the morning session was well in excess of 500,000 shares.

TRANSFER WAGON INSTALLED IN THE PATROL STATION

"Transfer charges, \$1" may be an item in the cost bills in police court cases for arrests made during the next few days. Following the accident to the patrol wagon yesterday, when the top was torn off by a guy-cable attached to a derrick at the new hospital site, it was necessary to place the wagon in dry-dock for repairs.

Rather than be without a means of conveying prisoners to the city hall, the police department Wednesday morning requisitioned one of Vogelmeier's transfer wagons, which was installed at headquarters in the place of the damaged vehicle.

Despite the fact that many of the patrolmen and officers are Irish, this wagon is painted a beautiful orange color. There's not a touch of green or blue for that matter on the vehicle.

If you hear somebody shout "look out, here comes No. 8," don't listen for the toll of a locomotive whistle. It will be the patrol wagon. In big letters and figures on bow and stern as well as port and starboard is "No. 8." The transfer wagon will remain in commission until repairs are finished on the damaged wagon.

ORIGINAL COPY OF LEE'S SURRENDER IS SOLD FOR \$425

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, June 4.—The original copy of General Robert E. Lee's original surrender to General Grant was sold for \$425 yesterday at the sale of autographs and manuscripts of the late John Hale, of Philadelphia, Pa.

OIL PAYS DIVIDENDS.
Zanesville, O., June 4.—The Otsego Oil and Gas company, with fields in Northern Muskingum county, ordered another \$2,500 dividend at its annual meeting yesterday. This makes dividends of \$117,500 declared on a capital stock of \$25,000 or 70 percent in the last five years. Richard Boyce, of Zanesville, was re-elected president.

USELESS TO STRAIGHTEN CREEK BEDS

Unless Walls are Constructed to Protect Banks, Say U. S. Army Engineers—Recommendations Made.

Declaring that it would be useless to straighten the beds of the streams running through Newark unless the banks were protected by stone or concrete walls, army engineers who went over the ground Monday and made general recommendations for relief from danger of floods.

Because the engineers arrived in Newark a day sooner than expected, only three councilmen accompanied them on their tour of inspection. These were Councilmen Beckman, Stusel and Prior. Clerk Franklin and Dr. Knauss were also members of the party. Maj. Rand and Captain Mitchell of the United States army were the officers detailed to make the inspection.

Conditions along the North Fork were not deemed serious but the South Fork was condemned in no uncertain terms. The worst condition was found to exist in "Texas" where the North and South Forks unite to form the Licking river. In the recent flood the embankment was cut away sixteen feet for a considerable distance by the strong current. Unless immediate precautions are taken in this locality, this receding of the banks will continue until the property owners there suffer a much heavier loss of valuable lands.

The gravel bar in the Raccoon creek bed immediately west of the Florentine street bridge also received the condemnation of the engineers, who recommended that it be removed entirely. This gravel bed was almost level with the water before the flood and it is now close to six feet deep.

The engineers were unable to say whether the city could get any federal aid in the work, and asked what amount of money the city was ready to spend for protection. They were advised that this matter had not been seriously considered by the city.

AUTO SALES GROW IN LATIN-AMERICA

(ASSOCIATED PRESS TELEGRAM)
Washington, June 4.—Heavy increase in the sales of American automobiles and auto trucks in Latin-America is recorded in reports to the state department made public today. Five years ago the United States sold seventy automobiles to Argentina, fifty-five to Brazil and eight to Uruguay. Last year its sales were 727 to Argentina, 554 to Brazil and 177 to Uruguay. In four years the total sales of automobiles to all of South America increased nearly ten times.

Gives Quickest and Surest Cure For All Sore Feet

The following is absolutely the surest and quickest cure known to science for all foot ailments: "Dissolve two table-spoonsful of Calceido compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts. The effect is really wonderful. All soreness goes instantly; the feet feel so good you could sing for joy. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, twenty, thirty and aching feet. A twenty-five cent box of Calceido is said to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calceido compound in stock or he can get it in a few hours from his wholesale house. It is not a patent medicine but is an ethical preparation.

PRAYED FOR CURE

OR EARLY DEATH

Unfolded Agony and Sleepless Nights Brought Woman to Verge of Desperation.

SUFFERED MANY YEARS.

Now Says Nothing Could Recover Her Without Doctors for Wonderful Cure They Gave Her.

Sincerity is the keynote of every testimonial given the United Doctors, who have their Newark institute on the second floor of the Arcade.

Every statement made for publication by a cured patient of these expert specialists has a ring of truth that forces recognition from the most skeptical, from the most prejudiced of the sick and even from other doctors.

Sick people who have been cured do not bare their hearts to the public except by so doing they are being of benefit to humanity by pointing the road to health to others by their own experience.

Read the following, which is an example of statements made almost daily for publication:

Newark, O., May 21, 1913.

"For many years I have been afflicted with cystitis and have in that time tried all the means to obtain either relief or a cure. The untold agony I went through can never be described. The sleepless nights when I lay awake and prayed to God that he would help either in death or by leading me to a doctor that could cure me."

"I believe today that my prayer has been answered for I now consider myself cured. And best of all in less than one month's time after having commenced the United Doctors treatment."

"I wish that I could lay before the United Doctors the money I have spent to other doctors and the money I have spent on drugs. Even then in my heart I would not believe they had received enough recompense for the wonderful work they have done."

(Signed)

MRS. MARY SALTZBERY.

Corner Wing and McKinley Streets, Newark, Ohio.

Day after day statements as remarkable as the above have appeared in these columns, testifying to the wonderful merit of the "United" system of medicines—a system which "unites" into one medical system the old single methods of treatment of the Allopath, the Homeopath or Eclectic. Skeptics and those prejudiced in the old methods of treatment are daily being forced to acknowledge the "United" system of medicine has long since made good. The sick know it but there are still a few of those who have never been sick or ailing who endeavor to deride all that is new.

The condition of Miss Annabelle Hott, who was seriously injured in a motorcycle accident Monday night, remains unchanged. The Newark sanitarium where the girl was taken after the accident.

Chief's New Uniform.

Chief of Police James Sheridan appeared for duty Wednesday attired in a ratty uniform which was delivered yesterday by his tailors. The chief regretted that he was compelled to appear in the Memorial Day parade in citizen's clothes but his order for the new togs had not been filled.

Charged With Assault.

Albert Dermer, charged by Anna Nagle with assault, was found guilty in police court Wednesday morning and was bound over to the common pleas court under bond in the sum of \$100. The affiant charged that Dermer choked her. A large number of witnesses testified in the case before Mayor Swartz.

Case Not Tried.

Homer Whyde, arrested last night on a charge of non support, was released when the charge was dismissed Wednesday afternoon by Mayor Swartz for want of a bill.

Whyde pleaded guilty at the morning session of police court but the case was adjourned before the hour of hearing arrived in the afternoon.

For Non Support.

Local police officers Wednesday arrested Thornton G. Smith, 35 Wright street, on a warrant from Judge Black's court, Columbus, charging non support of minor children.

The affidavit was made by Smith's wife, who lives in Columbus with her children. The man is being held for Columbus officers.

Rathbun Case Friday.

Two affidavits were filed in Mayor Swartz's court Wednesday against Howard Rathbun, growing out of the raid made on his club in South Park Place Sunday evening. He is charged with maintaining a slot machine and keeping a place for tipping and looting. Rathbun pleaded not guilty and the charges will be heard Friday afternoon at 2 o'clock.

Tabbit Foot Luck.

A rabbit foot failed to save Caspar Ballinger, said to be a traveling salesman from ignorance of arrest last night. He was picked up by Patrolmen Swinehart, Bucher and Corbin in West Newark and given lodging at the city prison. When searched he had a quantity of books, papers and letters, besides the rabbit foot. He was dismissed from custody Wednesday and allowed to proceed on his way to Zanesville.

ATTACK PICKETS WITH HAT PINS.

SEVERAL HURT

(Associated Press Telegram)

Hazelton, Pa., June 4.—Hat pins and screw drivers concealed in their sleeves were used today by girls employed at the Jacob Gerhardt shirt factory when they approached by pickets of the mine workers' union and other groups and asked to remain away from their places because some of the bands are still on strike since the union of trouble at the plant in the winter. Frank Elkpatrick, a young man representing one of the mine workers' locals, was stabbed below the ribs in the right side with a hat pin and had to receive medical attention. Miss Harriet Iyerly, of West Hazelton was arrested on the charge of being the girl who wielded the weapon and was held under \$300 bail for assault and battery with intent to kill.

To Practice in U. S. Courts.

Attorney C. N. Moore of the Licking county bar took examinations in Columbus Tuesday and was admitted to practice in United States courts. Mr. Moore immediately took the oath prescribed by the constitution of the United States.

The United States has 1,000,000,000 pounds of coffee annually.

Vernon, who is an eloquent speaker and a prominent member of the school board. The diplomas will be awarded to the members of the class by Rev. B. M. O'Doylan.

How Camille De Verlac Became Famous for the Beauty of Her Hands and Arms

Free Prescription That Can Be Prepared at Home.

Camille de Verlac, famous for the beauty of her hands and arms, in a recent interview says: "If every woman knew about the prescription that has caused all this talk about my hands and arms they could make their hands and arms just as beautiful as mine. I am glad to give my opportunity to the world. It will help every woman to improve her personal appearance. When I asked her if she would allow me to publish the prescription, she quickly answered: 'Certainly, only too glad to have you do it.' Turning to a desk, she wrote it on a slip of paper and handed it to me. Here it is: 'Go to any drug store, get a one ounce bottle of Kulus Compound. Pour the entire contents into a two-ounce bottle, add quarter ounce witch hazel, then fill with water. Apply night and morning. This prescription gives the skin a velvety softness and obliterates all defects such as freckles, tan, sun spots, roughness and rudeness. A single application works a marvelous transformation.' It can be applied to the neck and shoulders with equally gratifying results. It is absolutely harmless and produces a growth of hair. It is deliciously cool and soothing and is not affected by perspiration. It will rub off."

LICKING COUNTY ANTI-ALCOHOL CONVENTION

At the Licking County Sunday School convention last week, it was decided to hold an Anti-Alcohol convention at the Central Church of Christ, this city, on Tuesday evening, Wednesday morning and afternoon, June 10 and 11.

At the Tuesday evening session, Mr. Thomas Hare, the man who led the fight that made West Virginia dry last fall, Attorney James A. White of Columbus and Mrs. Lillian Burt of Westerville will speak. On Wednesday, Mr. Eldridge of Columbus and Mrs. Burt will speak at both sessions. A full program will appear later.

Every temperance worker should not fail to be in this convention. The story of the West Virginia fight, as told by Mr. Hare, is thrilling. The scientific instruction on temperance as given by Mrs. Burt is fascinating as well as are the great truths she brings out, startling. Remember the date and the place.

PECULIAR FREAK OF LIGHTNING BOLT TUESDAY AFTERNOON

Lightning played a peculiar prank at the home of Lewis Wine, a farmer, residing two miles northwest of Summit Station Tuesday when the house was practically destroyed without being fired by the bolt, while Mrs. Wine and five children who were in the house at the time, escaped uninjured. They suffered greatly from the fright however.

The storm broke over the vicinity about 3 o'clock with a vivid electrical display. One of the bolts of lightning struck the chimney of the Wine home and followed the brick structure into the interior of the home.

The chimney was completely destroyed, the plastering was knocked from the walls of every room and a small "L" addition was moved from the main part of the house, a distance of several inches.

In spite of the damage wrought by the bolt, the building did not catch fire. The damage was fully protected by insurance.

The level made of aluminum is lighter and more reliable than that of wood. It does not warp.

ORGANIZATION OF ICE WAGON DRIVERS AND THEIR HELPERS

District Organizer J. W. Adams organized the Newark Ice Wagon Drivers and Helpers last evening with a large charter list, known as Newark Ice Wagon Drivers and Helpers Local Union, No. 263.

The election of officers resulted as follows: President, J. A. Pieri; C. C. May, recording secretary; D. H. Petery, financial secretary and treasurer; delegates to Newark Trade Assembly, Max Taylor, C. C. May and Harry Minnear. This union is composed of a good bunch of intelligent wage workers, each one being a live wire.

LEAPED FROM AUTO TO AVOID BEING STRUCK BY TRAIN

Leaping from his automobile when the emergency brake failed to work upon approaching the Black Lick railroad crossing, Dr. C. H. Bee of Summit Station was startled to see the machine stop almost at the edge of the rails while the fast passenger train which he saw approaching, whizzed past almost grazing the fenders of the machine.

Dr. Bee failed to see the approach of the train until he was close to the track. He applied the emergency brakes but noticed no perceptible decrease in the speed of the machine. Fearing he would be killed by the train, Dr. Bee leaped to the roadway, while the automobile rolled on.

Expecting to see the car demolished by the train, Dr. Bee was very much surprised to see his machine stop close to the tracks.

W. C. T. U. MEETING.

The W. C. T. U. held its regular meeting at the First Presbyterian church Tuesday afternoon. The devotional half hour was led by Mrs. Martha Wintermute. Mrs. King led in prayer, after which a paper was read by Mrs. Wintermute reporting a visit made by the W. C. T. U. of the District of Columbia at the general conference.

"Every dog has his day," chirped the Optimist. "Yes, but unfortunately we are not all dogs," sighed the Pessimist.

The man who minds his own business isn't so apt to have other people doing it for him.

Every Woman Should Own A New Perfection Oil Cook-stove

It means a clean, cool kitchen, less work and better cooking.

The New Perfection is always ready for use. No wood to cut—no ashes to carry—no smoke—no soot. Made with 1, 2, 3 and 4 burners; towel racks, drop shelves, etc. Indicator marks amount of oil in font.

The best fuel for New Perfection stoves—for any stove or lamp—is Rayolight Oil. Dealers everywhere or Standard Oil Company Tank Wagon Stations

LARGE CLASS

TO GRADUATE FROM NEWARK HIGH SCHOOL THURSDAY EVENING, JUNE 12.

Forty Boys and Forty Girls to Receive Diplomas—Class Play Tuesday Evening and Class Day Wednesday.

The annual commencement week at the High school will be notable in that the largest class in the history of the school will be graduated and of the eighty or more who will receive their diplomas, half the number will be young men. The number of graduates this year exceeds the number of last year by over twenty. Do the citizens of Newark fully realize what it means to the community to send out each year a regiment of young men and young women to help make Newark a better place in which to live? It is to be hoped that a large number of the parents and citizens of the city will attend the various exercises of the week, thereby showing their interest in the work of the schools.

Baccalaureate Sermon.
The baccalaureate sermon will be delivered next Sunday afternoon at 2:30 o'clock at the High school auditorium by Rev. George Bonham Schmidt, pastor of the St. Paul's Lutheran church. Music will be furnished by the chorus of the church of which Mr. Schmidt is pastor. All are cordially invited to be present.

Class Play.
The class play, "The Weaker Sex," will be presented Tuesday evening, June 10th, by the following cast: Thomas Coach of Play.....Miss Eunice Putman Lady Vivash.....Mary Anderson Lady Lippert.....Elmer Schimmel Mrs. Hawley Hill.....Irene McMahon Mr. Hawley Hill.....Paul Edwards Mr. Wade Green.....Audrey Wall Petch (servant).....Marion Kirkpatrick Spencer (servant).....Foster Wyant

The class day exercises are to be given Wednesday afternoon at 2:30 o'clock in the High school auditorium. No charge is made and all are invited.

Commencement Exercises.
The commencement will be held Thursday evening at 8 o'clock in the High school. Reserved seats may be secured at Erman's drug store Wednesday and Thursday or at the High school box office immediately before the exercises.

The Denison scholarships are awarded to Mary Belle McLean and Howard Moosman since they are the highest in scholarship during the four years' course of those who are in the college preparatory course. The graduate having the highest average is Neva Baumgarten of the English course. Besides these three, seven others will be on the program, three selected by the faculty, four by the class. They are: Gray Swingle, Paul Edwards, Ralph Laughlin, Gail Keckley, Miller Tafel, Junia Sells, Hazel Fleming.

Gray Hair Vs. Brown Hair

This Simple Home Made Mixture Effectually Darkens the White Locks.

There is no excuse for having gray hair when there is a sure and easy way of darkening it to a nice natural brown which Nature herself could not improve upon. This does not mean that you are justified in using the ordinary sticky dyes and stains exploited for that purpose, for they often are too objectionable to be recommended; but here is a really meritorious recipe, very simple and inexpensive, which all gray-haired people should try at once. To 7 ozs. of water add one small box of Barbo Compound, 1 oz. bay rum and 2 oz. glycerine. You can readily prepare this at home at very little cost and it will give you a splendid mixture for gradually darkening the gray hair, as well as for removing dandruff, ridding the scalp of other humors and for promoting the growth of the hair. Apply it once a week until the hair is of the desired dark shade, then once every two weeks will be sufficient. Make sure your druggist gives you Barbo Compound. If he hasn't it on hand, ask him to order it for you.

OYSTERS ON 1/2 SHELL

It is said that every known fruit can be grown in Australia. The oyster is particularly plentiful there.

"No, really, Mr. Montessoro, I couldn't think of marrying an ash man!"

Semi-Centennial at Wheeling.
The city of Wheeling, W. Va., will be the scene of a big celebration during the week of June 20. The occasion is the golden jubilee of West Virginia, 1863-1913, celebrating the semi-centennial anniversary of the admission of the state into the union. A number of former residents of the state now living in Newark will attend the celebration.

FIELD DAY CELEBRATION IN AUGUST

PREPARATIONS ON A LARGE SCALE BEING MADE FOR THE EVENT.

Archie S. White and Capt. A. H. Hersey to be guests of honor—Meeting of the Board of Education.

A monster field day celebration, the like of which has never been held in Newark, demonstration of the complete apparatus of White Athletic field. With Archibald S. White of New York and Capt. A. H. Hersey of Newark, the largest individual donors, as guests of honor entertained by Newark citizens and the board of education is one of the plans mapped out for a day in August by Playgrounds Director L. W. Seagrist.

The new supervisor of public playgrounds, accompanied by Mrs. Seagrist, arrived in Newark Wednesday to take up their duties and personally direct plans for completing equipment and arrangement of White Athletic field.

Announcement of the general plan which the new director hopes to carry out in August was made by William H. Adams, superintendent of public instruction, when members of the board of education in session Tuesday night suggested a formal dedication of the new athletic field.

Details of the big field day have not yet been worked out.

New Clerk Named.

Miss Hazel McAttee's application for the position of secretary to Superintendent Hawkins was brought to the attention of the board of education and on recommendation of the superintendent Miss McAttee was selected to succeed Miss Mary Nichols, who will resign her position with the ending of the present school year.

Miss McAttee is a graduate of the Newark High school commercial department and was well endorsed for the place.

Teachers Appointed.

Basing his rating of their ability on the result of the city teachers' examination Saturday as fifty per cent, and opinions of their merit by experienced city teachers as the remaining fifty per cent, Superintendent Wilson Hawkins Tuesday night made the following recommendations which were confirmed by the board of education.

Miss Mary Hammond, Miss Esther Kissane, Miss Helen Nichols, Miss Virtue Shannon, Miss Katherine Mast and Miss Mary Louise Rank.

The school board voted payment to the school enumerators who have concluded their task with a report of 5,963 pupils enrolled. This is a gain of 54 over last year.

Application of Alfred McClatchey for the position of care-taker of White Athletic field, and the offer of the Tucker Boiler company to erect a forty-foot flagpole on the grounds, were referred to the playgrounds committee. Employment of a watchman to be on duty until a fence is erected around the grounds was authorized.

A vote of thanks was extended the Toledo board of education for an invitation to the local board to attend the dedication of the Scott High school in Toledo June 6.

Harry Bailey's bid for furnishing blackboards for the new Stevens, Fifth, Grant and Indiana street schools, was generally favored as the lowest but no contract was awarded. Other bidders were the Keenan Structural Steel company, Showers & Taylor, Lehigh Structural Steel company, D. W. Stahl, J. James, F. Moore, J. D. Keeley, Pennsylvania Blackboard company and the American Seating company.

The usual quota of bills was allowed.

WOULD TAX

(Continued from Page 1.)

now devolve upon the attorney general to decide whether there is prima facie evidence of violations of the decree of dissolution to justify the government in attacking the oil interests by contempt of court or criminal proceedings.

The attorney general said that while he had not finally decided upon an investigation of the tobacco situation with a view to possible further anti-trust prosecution, he likewise had not reached a conclusion as to whether the decree of dissolution which he regards as inadequate can be re-opened. The attorney general indicated that he was firmly convinced that the decree was incommensurate with the demands of the occasion. He declared today that there could be no dissolution of a trust by distributing its stock among the same shareholders.

SUBPOENAS

(Continued from page 1.)

said he was a physician and had no interest in anything affected by the tariff.

"That handsome man back there by the wall was very much worried about wool," he said, pointing to a listener. "The handsome man" said his name was S. W. McClure, secretary of the National Wool Growers association. He probably will take the stand when the senators have finished.

Lane said he did not consider men who called on him "lobbyists." He thought there were "looking after their own interests," he knew of no lobby, but said he believed that money was being used to try to convince people that bad effects would follow the tariff bill.

Senator McCumber said he produced wheat, oats, rye, flax and sometimes potatoes all of which were disastrously affected by the tariff. No one
